

WE GATHER WE GROW

13th China Hangzhou Cellulose Fiber (Viscose) Industry Forum

- Organizer : CCFGroup , CCF
- Co-organizer : Lenzing AG , sappi
- Special Sponsor : Sateri
- Special co-sponsor : Collaboration for sustainable development of viscose
- Gold Sponsor : BOZZETTO GROUP
- Sponsor : EKMAN
SÖDRA
arauco
Tangshan Sanyou
Birla Cellulose
HengHui
LEVACO
Nouryon
Zhongtai Group

Invitation

May 21-23, 2019

Hangzhou, China

13th China Hangzhou Cellulose Fiber (Viscose) Industry Forum

May 21-23, 2019
Hangzhou China

WE GATHER WE GROW

Foreword

What are changes of product structure in 2018 with start-up of one million ton/yr cellulose fiber capacity? How to realize effective capacity utilization and downstream consumption guidance in the short term? Sustainable development has attracted more attention, how will price, production development, application and demand guidance perform in 2019?

When cellulose fiber capacity is expanding fast, changes are occurring in feedstock and downstream market. In dissolving pulp market, swing mills take up increasing percentage. Will pulp supply be ample? What about influential factors? Textile market is unusually depressed in the fourth quarter of 2018. Is it casual or will it become normal? China may not sustain cotton auction due to fewer cotton reserves, how to adapt to cotton quota policy change? Could non-cotton demand help absorb huge cellulose fiber capacity growth?

Under the background of changes in world economic and trade situation and uncertainties in economic growth, 13th China Hangzhou Cellulose Fiber (Viscose) Industry Forum hosted by www.ccfgroup.com, www.ccf.com.cn, www.tteb.com will be held at New Century Grand Hotel Hangzhou during May 21-23, 2019. It has been hosted for twelve years, which has become a big event of the industry chain. We are looking forward to your participation to have discussion on the hotspots with experts and leading companies.

13th China Hangzhou Cellulose Fiber (Viscose) Industry Forum

May 21-23, 2019
Hangzhou China

WE GATHER WE GROW

Topics

- China's economic trends amid globalization facing challenges
- LenzingTM Ring FiberTM & Lenzing Brand Architecture
- Status quo of China cellulose fiber industry and outlook for next 3 years
- Logical induction of China cotton market under the background of reform and the impact on textile industry development
- Fiber demand changes from brands
- Path exploration of China's cellulose fiber sustainable development
- Current status and development pattern of VSF downstream operation
- Spunlace nonwovens: how to look for new growth points after capacity release?
- Technology-driven Sustainability - Sateri's leading innovations in production, products and value chain
- Global fiber consumption trend analysis
- From Forests to Fashion-How does the industry measure, provide and trace sustainable fiber
- Will caustic soda further fluctuate?
- Five-year review of anti-dumping investigation against pulp
- World supply and demand of high purity cellulose
- Paper pulp market trends after high price ends

Note: Topics are subject to final adjustment

13th China Hangzhou Cellulose Fiber (Viscose) Industry Forum

May 21-23, 2019
Hangzhou China

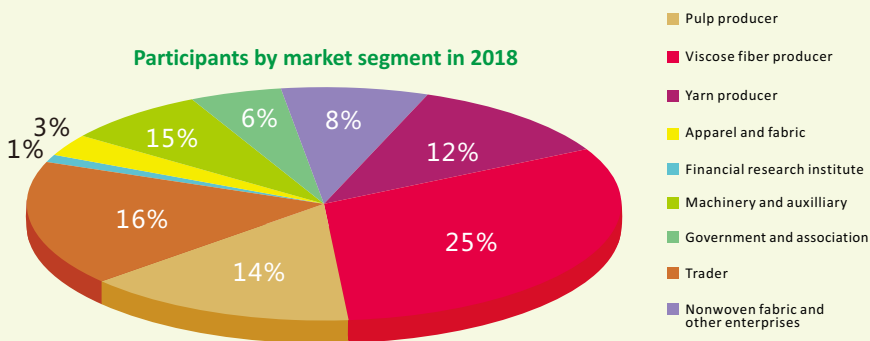

WE GATHER WE GROW

To witness cellulose fiber industry prosperity in 13 years

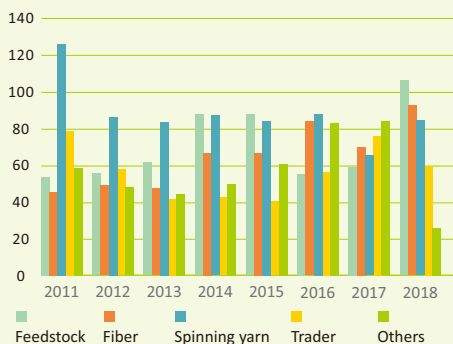

We gather, we grow! 13th China Hangzhou-Cellulose Fiber (Viscose) Industry Forum will be hosted in May. In the past twelve years, cellulose fiber has developed into one of major chemical fiber raw materials that can compete with cotton and PSF, in spite of being regarded as alternative fiber whose capacity was less than one million tons/yr. Moreover, it has become the fiber witnessing the most successful product innovation and brand extension among all chemical fibers, It helps cultivate a number of excellent enterprises that are environment-friendly and continuously improve the consumer experience.

Cellulose fiber industry forum witnessing industry development attracts elite from various segments of world value chain. More than 90% of cellulose fiber and dissolving pulp suppliers, over 60% of rayon yarn companies, coupled with equipment and auxiliary agent manufacturers, financial institutes, technology and brand clothing enterprises gather to discuss about the market and seek business opportunities every year.

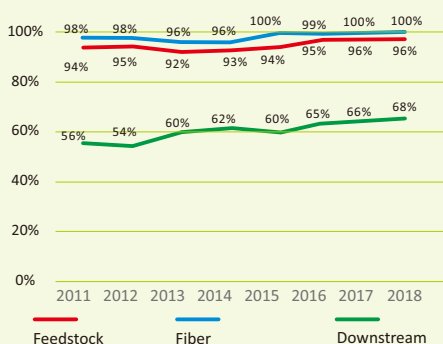

Participants by market segment in 2018

Participants from different fields in past conferences

Participants' share in each market segment

WE GATHER WE GROW

Date:

Registration: P.M. , May 21, 2019
Forum: May 22 May 23-A.M. , 2019

Venue:

New Century Grand Hotel Hangzhou, China
(New Century Hall, 4F) ★★★★★ (No. 818,
Middle Shixin Road, Xiaoshan, Hangzhou, China)

Conference Fee:

USD 1,380/person
(early bird fee: USD 1,280 before Apr 30)

Accommodation:

Twin-bed room: RMB 580/day
Executive single room: RMB 800/day

Contacts:

Contact: Shine Hua
Tel: +86-571-83786599
Fax: +86-571-83786600
E-mail: market@ccfgroup.com
Website: <http://viscose.ccfgroup.com/>

Registration Form:

* Name	Position	* Mobile Phone

* Company		Website	
* Address			
* Telephone		Fax	
E-mail			
* Requirement for accommodation	Twin-bed Room (Twin-bed Room:580 yuan/day) Executive single room (Executive single room:800 yuan/day)		

* mandatory
